## LAKE STEAMER FOUNDERED

Canadian Steamer—Supposed to Have Gone Down—Sixteen Persons Were Aboard.

BUFFALO, Dec. 11.—It is now certain that the Canadian steamer Niagara, Captain Henry McClory, foundered during the severe storm of Thursday evening last about eight miles east of Long Point, Lake Erie, with all hands, numbering 16 persons. Tugs sent out from Port Colborne and from Buffalo to search for the missing steamer returned, bringing with them great quantities of wreckage picked up near where the steamer is supposed to have foundered. It was the opinion of lake captains that the boat went down in deep water about eight miles east of Long Point, as none of her spars had been found, and if she had gone down in shallow water they would be sticking up.

The wind was blowing a gale of about 45 miles an hour and it was snowing heavily. Even the largest and strongest boats made for shelter, and it was the opinion of vessel men that Captain McClory attempted to turn his boat around and run under Long Point and in doing so encountered the full force of the storm, his craft going to pieces.

Committed Crime While Drunk.  
NEW YORK, Dec. 11.—Walter Rafter, who originally gave his name to the police as Willis Rosser, a student at the Post Graduate hospital, who shot F. Slater, 22 years old, of Rahway, N. J., in Madison Square Garden, Saturday night, was arraigned in police court. A report was presented from the Bellevue hospital house surgeon to the effect that the wounded man's condition was favorable, and on the request of Rafter's counsel the prisoner was held in \$1,000 bail for examination tomorrow. Rafter, who comes from Stevenson, Ala., has little to say about the shooting. He was considerably under the influence of liquor when arrested. Rafter was not able to furnish bail and was locked up.

Farmer Killed Accidentally.  
JOHNSTOWN, Pa., Dec. 11.—William A. For, a farmer living near Everett, was killed by the accidental discharge of his shotgun while returning from a hunting trip. The entire loss of shot struck him in the neck, killing him instantly. He was 30 years old. He left a widow and one child.

Labor Leader Dropped Dead.  
MILWAUKEE, Dec. 11.—John E. Oughlin, one of the best known labor leaders in the northwest, dropped dead at his residence in this city.

### THE FINANCIAL DEBATE.

Talk on the Measure Scheduled to Commence Today in the House—Probably Cover Wide Range.

WASHINGTON, Dec. 11.—Under the terms of the special order adopted Friday, the general debate on the financial bill will open today immediately after the reading of the journal and continue from noon until 5 o'clock Friday. On Saturday the bill will be read paragraph by paragraph for amendment under the five minute rule. The vote will not be taken until the following Monday. The debate will probably cover a wide range, including a general rehashing of the campaign issue of 1898, and there may be some stormy incidents.

The Republicans are arrayed solidly for the bill, but many of them have never before advocated the gold standard and doubtless will have to take the floor to explain their change of position. On the Democratic side some of the members are reported as favoring the bill, but there has been no canvass made as yet, and it remains to be seen how many of them will join the Republicans on this measure.

### FORECAST OF THE SENATE.

Mason Expected to Make a Speech on Beer War.  
WASHINGTON, Dec. 11.—The week does not promise to be a busy one, indications being for routine business and short sessions inside the chamber, with much preparation for future work in the committee rooms. Senator Mason probably will open the week with a speech on his reason declaring the sympathy of this country with the Boers in their war with Great Britain. There may be other brief speeches upon this and other questions, though there is a general disposition on the part of senators to postpone speechmaking until after the holidays.

An effort likely will be made to complete the reorganization during the present week.

The finance committee may meet tomorrow for preliminary consideration of the finance bill. The expectation was that this bill will not be taken up in the senate until after the Christmas holidays. The committee on foreign relations will take up the reciprocity treaties on Wednesday. The committee on privileges and elections will consider the contests over senatorial seats in a desultory way, but the real work on these will not begin until next week, when opposing counsel will be heard on the Quay case.

### REPORT ABOUT LOGAN'S DEATH.

Alleged the Major Was Shot by One of Men in His Own Command.  
SAN FRANCISCO, Dec. 11.—According to stories told here by soldiers who have just returned from the Philippines on the transport Sheridan, John A. Logan, Jr., may not have met his death at the hands of Filipino sharpshooters, as reported. Parker George Kappitz, of the vessel declares that Logan was shot by one of his own men, and he is supported in his view by others of that transport's crew.

The Major, Kappitz asserts, made himself offensive to the men, and this feeling was heightened by an incident which occurred one day at sea, when he seized a soldier's pet dog and threw him overboard. A threat was openly made and repeated many times that Logan would not last after the first battle.

YOUNGSTOWN, O., Dec. 11.—The family and relatives of Major Logan discredited the story sent out from San Francisco that he was shot by his own men in battle to redress a fancied grievance. Robert Bentley, administrator of Major Logan's estate, said:

"The story is too absurd to believe. We have a copy of the report of General Otis filed with the war department that Major Logan was killed by Filipino in battle, and are satisfied it is correct."
